Suspected Murderers.
Two young men named Milburg and Eckert have been arrested at Dubuque on suspicion of being the murderers of Minnie Kelly, whose body was found in a pasture near Bellevue Saturday. The streets are crowded and there are many threats of lynching made. The prisoners tell contradictory stories.

Your Palate is Your Stomach's Conscience.
Your stomach knows what is good for you.
Thin people are thin because the food they eat is not absorbed. Reasons, either wrong food, or right food undigested.
Fat, oils and grease will not make any one fat. This is because they are indigestible. Thin people find it hard to digest their food. Fat foods make still harder to digest.
Have you ever noticed that almost without exception thin, pale, dyspeptic, anemic people have an aversion to fat? This is of itself proof enough that such foods are bad for them.
Let your palate tell you what to eat. Nature makes very few mistakes, and we should listen to what she says.
Thin people may become fatter, and dyspeptics may become healthy, by taking the Digestive Cordial. It agrees with the weakest stomach. It helps the weak stomach digest other food. It is fattening and invigorating in itself, for it contains artificially digested food.
The Mount Lebanon Bakers have made a great many interesting discoveries within the past hundred years, but none more important than this ingenious cure for all diseases which are traceable to faulty digestion. A single 10-cent bottle will tell whether it is adapted to your case, and can be had through any druggist.
IF THE BABY IS CUTTING TEETH BE SURE and use that old and well-remembered, Mrs. Winslow's Sore Gums Remedy. It soothes the inflamed gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. 25 cents a bottle. J. B. MOSES & SONS.
Ladies take Angeline Bitters generally when they feel low spirited. It brightens them up. Dr. Sargent & Sons, sole manufacturers. At all drug-gists.

POPULAR MOVEMENT FOR BRYAN.
A Wave That Swept Through the Convention.
Mr. Bryan, who had hitherto been positive in his declaration to permit himself to be formally placed in nomination, said after taking his seat yesterday afternoon, after speaking on the nomination of the Chicago convention, that he would defer to the wishes of his friends in the matter. The chairman of several state delegations that have been heretofore counted for other candidates, personally assured Mr. Bryan of their support.
When in the uproar the procession of banners being the nature of the different states was started there was a rush of Nebraska men for the Illinois delegation. The Illinois standard was torn loose and a delegate started off with it. Before he got ten feet Gov. Altgeld saw him and ordered the standard brought back. "You cannot stampede us," he coolly said. "We have declared for Bland."
The banner was replaced. A moment later the banner of Missouri appeared in the line. "Now you can take it," said the governor. "Missouri is in line and I guess we can afford to join."
Then turning to the delegates who surrounded him, the governor said: "That was the greatest speech ever made. I had rather be able to make that speech than to be President. Common men are sometimes made Presidents, but it takes talent and brains to talk like that."
The Bryan wave had suddenly swept over the convention, and it was the belief of some of the leaders that it marked the beginning of a possible spontaneous movement which may lead to the nomination of the Nebraska man.
C. S. Thomas, chairman of the Colorado delegation, said that if the vote were taken last night Bryan would be nominated.
BIBLE BOOK STUDY.
The Second in the Series of Four lectures by Dr. Burroughs.
The second in the series of four Bible book studies by President C. S. Burroughs, D.D., of Crawfordville, Ind., was given this morning at the New York Avenue Presbyterian Church. After prayer and singing Dr. Burroughs at once began the discussion of his theme, which was "Galatians' Glad News of Freedom." He spoke of Galatians as being the key-book of the New Testament. He said that for this book one gains an idea of the historical situation of the period, and also something of the authority and position of the Apostle Paul. He spoke of the great apostle as a man dominated by one motive, and said that Christians were yet to know and appreciate the personality of the Apostle Paul. He referred to the development of the Christian church, and said that the faith was toward Christ, and in this Paul was a great leader. In his analysis of the epistle he said that it was divided into three parts. Paul's defense, Paul's teaching, and Paul's practical inferences. He said that the book of Galatians was typical of all Christian teaching, and that it was a revelation of the faith and the foundation of the faith of the Christian of today is the same as that of the apostle. The speaker referred to the teaching of Paul as a wonderful scene, and as a striking plea for the spirit rather than the form in religion. A summary of the historical argument was given, and the reasons for Paul's teaching.
Paul was spoken of as the apostle of progress in religion. The speaker said that sincerity was the quality that had a powerful influence on others, and then went on to bring out some of the practical truths taught by Paul. He said that there was a battle between Christ and the world, and that the message to the church today was to hold on to spiritual experience.
The interest in the series of Bible studies is shown in part by the fact that the large audience room was filled by an attentive audience, in spite of the early hour for beginning, 8:20.

PENSACOLA STORM-SWEPT.
Vessels Wrecked and Driven Ashore—Extensive Losses.
The Italian brig Diadem, Swedish bark Svea and Norwegian bark Ludvig were blown ashore in Pensacola bay Wednesday. The wind blew from the northeast at seventy-two miles an hour, and then changed to the northwest and blew 100 miles an hour, Pensacola being the center of the storm.
The Merchants' Hotel, on Palafox street, the Methodist Church and nearly every business house was unroofed. The streets were made impassable by the fallen trees. No street cars are running. All wires are down, the nearest telephone station working being at Flomaton. The Pensacola and Atlantic division of the Louisville and Nashville is washed out in places. The damage is fully \$250,000.
GREAT FLOODS IN JAPAN.
Thousands of Houses Swept Away and Many Lives Lost.
Disastrous floods have occurred in the prefectures of Toyama and Shika, on the coast of Japan, since Wednesday. The houses have been destroyed. The loss of life is not stated, but is supposed to be extensive.
Only Wounded This Time.
Gen. Linares reports that country people from Stengoes, who have recently reached Santiago de Cuba, assert that Macco was wounded in the head and breast by two bullets in the recent engagement at Loma Gelta, when the insurgents killed several officers of different ranks.
Republican Bolt in South Dakota.
The South Dakota republican convention, in session at Aberdeen, nominated R. S. Gamble and C. I. Crawford for Congressmen; A. O. Ringard, governor; S. D. Hindman, lieutenant governor; W. H. Rudde, secretary of state; K. G. Phillips, treasurer; H. E. Mayhew, auditor; S. V. Jones, attorney general; John Lockhart, land commissioner. A gold plank was adopted and twenty-six Sioux Falls delegates bolted.
Town Burned.
Marengo, Ohio, has been almost completely wiped out by fire. A high wind and the lack of fire apparatus gave the flames full headway.

CONVENTION BULLETINS
A Large Concourse Enjoy The Star's Prompt Service.
The Exciting Incidents of the Session Told Instantaneously on the Screen.
For nearly six hours last night, from the first rap of the gavel at Chicago to the noisy adjournment, there was a large, patient and highly interested gathering of citizens on Pennsylvania avenue, in front of The Star office, reading the bulletins from the convention as they were thrown upon the screen by the Star's electric stereopticon. The apparatus for the occasion was put in place by Mr. L. A. Roginski, while Superintendent Chamberlain of the Electric Lighting Company and Electrician Morgan rendered every needful assistance in the operation of the instrument.
The service was excellent. But for a temporary occultation caused by a bright and inquisitive office boy kicking the switchboard over and disconnecting wires the evening's performance was without a flaw.
The bulletins of the Western Union, the Postal, the Associated Press and the Chicago Herald Tribune, were read by four operators over special wires, run into The Star office, were all received and read.
Our lively fellow citizens at Chicago contributed their part liberally to the evening's entertainment, and it was no wonder that at 1:30 o'clock this morning there were still hundreds of people who regretfully read the final bulletin announcing the adjournment of the convention. The Star office, as usual, displayed all the news of the proceedings promptly and in the same manner.
VERY FEW CROOKS.
Seem to Have Steered Clear of the Convention.
In all the big gatherings yesterday there was not a single theft reported. Many persons reported misplaced umbrellas and lost companions. But there was not a single case to indicate that professional thieves were operating, other than the picking of the pocket of Miss Julia Johnson in the Capitol, as published in yesterday's Star. This morning when the detectives met at police headquarters they had reason to congratulate themselves because of the small amount of crooked work that has been done.
Detectives Horne and Weedon of the local force and Detective Seymour Butler of the federal agency made an important arrest last night of an alleged crook, whose name was given as George P. Ward. This well-dressed young man has been here for several days stopping at the Metropolitan. He had been endeavoring to make a dishonest deal with a pawnbroker Heidenheimer, but the dealer became suspicious because of the manner of the young man's dealing, and later on his arrest followed.
When taken to headquarters the young man was found to have nearly \$200 on him, and he admitted that he was a good man to have out of the way. He belongs in the west, but the officers did not know anything concerning his identity. Rather than have his picture taken and given a trial in court he offered to pay \$50 for his release. This, of course, the officers could not accept, and so the prisoner sent for Lawyer Campbell Carrington. He appeared as counsel in court when the young man was arraigned as a suspicious character.
"I desire to enter a plea of guilty in the case," said counsel, "and give bond for him."
"The highest bond," Mr. Pugh remarked. "And what about the default?" inquired the court.
"I would suggest six months," said the counsel.
The court then imposed sentence, \$200 bond and six months.
"This law is a farce," said the judge. "Most of these crooks are able to give so small a bond. What is needed is a law giving the court authority to impose a jail sentence, in order that some punishment might be inflicted."
The prisoner gave bond and was released.

West Point Cadets Appointed.
The following appointments as cadets at the Military Academy were announced at the War Department today: Albert V. Lamm, Frederick, Md.; George Koopman, Cummins, Ala., with Fred Standifer, Gadsden, Ala., as alternate; Wilder Wellington, Hattiesburg, Miss., with Robert H. Anderson, Port Gibson, Miss., as alternate; Gilbert Selam, Leora, Mo., with Daniel B. Gregory, Leora, Mo., as alternate; Guy E. Carlton, Neosho, Mo., with Charles M. Carter, Neosho, Mo., as alternate; George M. Huebner, Plymouth, Tex., with William W. Cheever, Nashua, N. H., as alternate; John Symington, Santa Fe, N. M., with Philip W. Bacon of Clyde, Ohio, alternate; J. M. Pugh of Rushville, with R. N. McCrory, Rushville, as alternate; H. H. Anderson, Independence, Iowa, alternate; E. L. Wirt, Bartow, Fla., alternate; C. O. Sherrill, Newton, N. C., with J. K. Hall, Juniper, alternate; J. M. Phillips, Philadelphia, J. H. Standard, Florence, S. C., with E. F. Woods of Lexington, alternate.

The Oregon Too Large.
Word comes to the Navy Department from San Francisco that the draught of the battle ship Oregon is too great to permit of her admission into the navy yard at Mare Island, Cal. The Oregon is now at San Francisco, where she has been ever since her launching at the ship yard of the Union Iron works. The approach to the Mare Island yard is somewhat impeded by rocks, which are sufficiently near the surface to prevent a ship of the Oregon's draught from making the passage in absolute safety.
There is but one remedy if the vessel is ever to be taken to the yard, and that is to do some expensive dredging and submarine blasting. The serious feature of the circumstance is that the dry dock is located at the yard and the Oregon cannot now be docked without being taken to Port Orchard, on Puget Sound. This would involve a long and expensive trip up the Pacific coast.
Very Few Injured.
Luther Chrisman, an engineer in the employ of Kann & Son, corner of 8th and Market space, was injured this morning while assisting in hanging an elevator door at the building. The door dropped on his head, and at an examination by surgeons at the Emergency Hospital five scalp wounds were found and dressed, none of them proving serious.
A. L. Jones, who was caught between bumpers of cars on the Mt. Vernon railroad and taken to the Emergency Hospital for treatment yesterday afternoon, is in a fair way of recovery.
John K. Cowen Bolts.
Congressman John K. Cowen of Baltimore will not support the ticket to be named at Chicago. In an open letter he has made a bitter attack on the platform adopted by the convention.

926-928 7th—706 K St.
5,000 MEN'S SUMMER SHIRTS, I=2 PRICE.
There is a best producer of men's shirts just as there is a best in everything—and this manufacturer hands over to us 5,000 of his best summer shirts at prices half and less than half the usual.
You can tell their worth by the way they're made, and by the fit. Even the cheapest of them—shirts which sell for 50c. about town—have a full yoke back—reinforcements wherever there's a strain—not a skimp or a shabby stitch anywhere. You can take them as we bought them—at exactly half their worth prices. They're all spread out on tables—the men's department in our K street annex. Take your pick.
Men's Checked and Striped Undershirts, made with full yoke back, generous size cuff and good-shaped collar—reinforced throughout—sizes from 14 to 17½.
25c. Worth 50c. each.
Men's Lacorded Percale Shirts, with large cuffs and collar, neat stripes and checks—in sizes from 14 to 19—large sizes are worth even more—full back and well made throughout and perfect fitting.
48c. Worth \$1.00 each.
Men's Lacorded Percale Dress Shirts, plaited bosoms, open front and back, including two collars and a pair of cuffs—patterns very stylish.
59c. Worth \$1.25 each.
Fine English Percale Lacorded Shirts, open front and back, three collars and a pair of cuffs, plain or plaited bosom, in the most desirable of patterns. Men's stores get \$1.50 for them—some more.
75c. Worth \$1.50 each.
Men's Silk Striped Madras Shirts—all sizes—
69c. Worth \$1.50 each.

We want the women to come for these—women who have an eagle eye for faults and fineness. There isn't one man out of fifty who knows shirt values—for he generally skips the stitches—the shape, &c., which worth hangs on.
Don't you tarry, for there'll be hundreds clamoring for them
Suits & Skirts Reduced.
The "Clearing Sale" knife has done deadly work in this department, and the opportunity to buy suits and skirts very cheap was never greater. With the biggest share of the summer before you you can well afford to take advantage of the reductions.
